

Interested in working with local stakeholders on REAL WORLD problems?

JOIN OUR TEAM!

WHO WE ARE

"We solve problems with our community through collaboration and innovation."

We work with students, faculty, and community members to tackle complex community-based problems that matter through **multidisciplinary research projects** which help create shared value for our region as a whole.

THE REWARD GOES BEYOND THE WORK

- 8-week **PAID (\$15/hr)** internship through the University of Notre Dame
- Flexible and open work space
- Professional mentors for interns
- Gain project management experience
- Networking opportunities with local community leaders
- Exceptionally diverse and collaborative environment
- Professional and personal development opportunities

REQUIREMENTS

- Current college student
- Must be at least 16 years or older at the start of internship
- Internship dates: **June 10 to August 2**
- Must be available for entire 8-week duration and work hours: **30 hrs/week, 9AM - 3:30 PM M-F**
- **Accepting applicants from all academic backgrounds** with interest in our four focus areas: *Safe, Affordable, Efficient Housing, Equitable Access to Health and Well-Being, Urban Environmental Sustainability and Resilience, and Data Informed Decision Support*
- Strong **interpersonal skills** to build rapport with project and community partners
- Ability to work in a **fast-paced environment** both independently and in a group setting
- Ability to **problem solve** in the face of ambiguity
